Dear Friends,

The Red Hook Education Foundation (RHEF) will be holding its seventh annual fundraiser at Bard College's spectacular Spiegel tent on June 23, 2017. Past events have been attended by several hundred people and have become a fixture on many summer social calendars. Our attendees range from local business owners, state and local officials, school board members, teachers and parents.

This event is the Foundation's largest source of support and has helped fund over \$400,000 in programs, activities and equipment for students in our school district. In 2017 we will designate all the funds raised for the proposed Community Auditorium at Red Hook High School.

The Red Hook Central School District is the only school system in Dutchess County (and one of the very few in the state) without an auditorium. RHEF has been working with Assemblyman Kevin Cahill to secure a multi-million dollar grant towards a portion of this project that will benefit our students and provide a facility for arts and other programming open to the community. Please take this opportunity to partner with us to provide some of the additional resources needed to bring this project to fruition.

RHEF is run entirely by volunteers who raise funds to benefit the students at Red Hook schools in diverse areas: underwriting critical after school academic programs for at-risk youth, creating the Student in Need fund, supporting the purchase of science and multimedia classroom equipment, state of the art 3D printers, robotics and Model UN team events, and supporting college and career services.

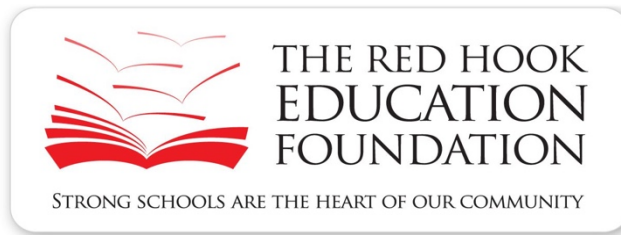

Please consider becoming a sponsor of this year's Spiegel tent gala and have the satisfaction of knowing that you have made a difference to Red Hook students and the community at large. The information on the following page has all the details about how to become a sponsor.

Many thanks for your consideration,

The Red Hook Education Foundation Sponsorship Committee
